

Coaching Mastery

Master your coaching craft with new skills, tools, and resources

pLink Leadership's Coaching Mastery course provides an opportunity for trained coaches to **develop and grow professionally** through training and skills enhancement with the vibrant and experienced pLink team.

Led by a qualified PCC coach, this program is designed to increase coaching skills and confidence. Through reading, reflection, discussion, and demonstration during peer learning labs, participants will engage multiple learning styles to integrate and deepen best practices in coaching.

Each session offers the opportunity to learn, observe, practice, and receive developmental feedback that will accelerate skill development. Participants work through coaching dilemmas, review ICF core competencies and PCC markers, and enhance familiarity with and application of pLink coaching processes.

Coaches become sought after because they consistently, reliably coach in a way that unleashes their clients' potential.

PROGRAM OUTCOMES:

After attending this program, coaches will be able to:

- Construct clear goals and outcomes for client coaching engagements.
- Identify clear coaching session outcomes with the client.
- Determine where to use silence and reflection to deepen the client's awareness and development and to facilitate growth.
- Cultivate trust and safety using motivational interviewing skills.
- Demonstrate creative coaching options that contribute to positive outcomes.

FORMAT

10 Interactive Group Sessions (2x/mo, 2hrs/ea)

- **7 Learning Sessions.** Explore topics aligned with the ICF Core Competencies, practice using coaching tools, discuss and share examples and potential challenges, capture insights, and set intentions
- **3 Practicum Sessions.** Put all the learning into practice and application in the roles of coach, client, and "coach of the coach."
